## The Absolute sound, Product of the Year 2020:

Excerpt from the text: "Indeed, the 05 comes as close to a dead-center-neutral timbral balance as any cones-in-a-box loudspeaker JV (Jonathan Valin) has reviewed. And thanks in part to its aerodynamic cabinet, it disappears as a sound source as completely as any cone speaker he's heard. Resolution is astonishing without any hint of the analytical. And dynamics remain edgelessly explosive, top to bottom. A speaker capable of forehead-slapping realism on just about every kind of music, the Børresen 05 is a deserving co-winner of TAS' Cost-No-Object Loudspeaker of the Year Award".
