

Unboxing the BHK M600

Instructions for Unboxing the BHK M600: Do Not Cut Box

CAUTION

The BHK is heavy, 54 kg (120 lbs)
Use proper aids when lifting.
A two-person lift is recommended.

Step 1: Cut the straps.

Please note that the wheels included with your BHK packaging are not shown.

Step 2: Notice that a handle is revealed. The box has two wheels. Use the handle to wheel the box close to where you plan to place it.

Note: the wheels won't work well on stairs.

Step 3: Remove brackets. Pinch the prongs on the brackets and slide them out. There are 4 on the box – two on each end.

Step 4: Once all 4 brackets are removed, lift the brown box off. A white PS Audio box will be revealed.

Step 5: Use the handles to lift the white, PS Audio box off.

Step 6: Once the white box is removed, your BHK M600 will be revealed.

Note: We recommend you keep the packaging.
